Behavior Expectations for Parents and Patrons on District Property

A climate of respect for all adults visiting school facilities and property. The Board of Education and school administration have the authority to deny access to buildings, facilities, and grounds when parents or patrons are not respectful to staff, students, or contracted workers; including game officials. Denial of access may be up to one calendar year, depending upon the discretion of the board and administration. Appeals from any parent or patron can be made to the Board of Education.
